The course is conducted in English and is aimed at *scuola media* and *superiore* teachers of English and/or any other subject with a minimum of B2 level in English. Each session is led by an experienced teacher trainer and covers the basic concepts and techniques needed to implement CLIL methodology in the classroom.

Among the areas covered in the course are:

- Principles of CLIL
- Lesson Planning
- Cognitive and communication skills
- Scaffolding content and language learning
- Adapting materials and resources
- Classroom language
- Support strategies
- Assessment

The course is of a very practical nature, showing ways in which materials can be developed for use in the CLIL classroom.
